

The Evolution of Checkmk

Unified IT Observability for the Hybrid World

Jan Justus
CEO
Checkmk

Change is...
...the only **constant**

IT is hybrid

Speed & Efficiency

AI Race

\$700,000,000,000

On-premises is not going anywhere

On-premises is not going anywhere

Regulatory
requirements

Data
sovereignty

Legacy
systems

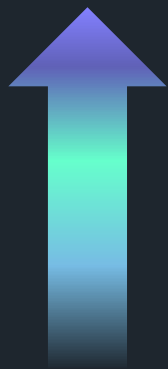

Cost
at scale

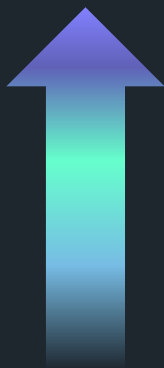

**90% of organizations will
operate hybrid cloud
environments by 2027.**
